RESOLUTION 2022-04

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE LAKEWOOD PARK COMMUNITY DEVELOPMENT DISTRICT DESIGNATING A DATE, TIME AND LOCATION FOR A LANDOWNERS’ MEETING OF THE DISTRICT, AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Lakewood Park Community Development District (the “District”) is a local unit of special-purpose government created and existing pursuant to Chapter 190, *Florida Statutes*, being situated entirely within Volusia County, Florida; and

WHEREAS, the District’s Board of Supervisors (“Board”) is statutorily authorized to exercise the powers granted to the District; and

WHEREAS, all meetings of the Board shall be open to the public and governed by provisions of Chapter 286, *Florida Statutes*; and

WHEREAS, the effective date of the Ordinance creating the District (the “Ordinance”) was October 19, 2020; and

WHEREAS, the District is statutorily required to hold a meeting of the landowners of the District for the purpose of electing Board Supervisors on the first Tuesday in November, which shall be noticed pursuant to Section 190.006(2), *Florida Statutes*.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE LAKEWOOD PARK COMMUNITY DEVELOPMENT DISTRICT:

1. EXISTING BOARD SUPERVISORS; SEATS SUBJECT TO ELECTIONS. The Board is currently made up of the following individuals:

<u>Seat Number</u>	<u>Supervisor</u>	<u>Term Expiration Date</u>
1	Chris Helfrich	2024
2	Megan Wilbur	2024
3	Brian Martin	2022
4	Vacant	2022
5	Chad Moorhead	2022

This year, Seat 3, currently held by Brian Martin, Seat 4, currently vacant, and Seat 5, currently held by Chad Moorhead, are subject to election by landowners in November 2022. The two candidates receiving the highest number of votes shall be elected for a term of four (4) years. The candidate receiving the next highest number of votes shall be elected for a term of two (2) years. The term of office for each successful candidate shall commence upon election.

2. LANDOWNER’S ELECTION. In accordance with Section 190.006(2), *Florida Statutes*, the meeting of the landowners to elect Board Supervisors of the District, shall be held on the 1st day of November, 2022, at ___:___ a/p.m., at the office of Cobb Cole, 231 North Woodland Boulevard, DeLand, Florida 32720 within Volusia County, Florida.

3. PUBLICATION. The District's Secretary is hereby directed to publish notice of this landowners' meeting and election in accordance with the requirements of section 190.006(2)(a), *Florida Statutes*.

4. FORMS. Pursuant to section 190.006(2)(b), *Florida Statutes*, the landowners' meeting and election is hereby announced at the Board's regular meeting held on the 7th day of June, 2022. A sample notice of landowners' meeting and election, proxy, ballot form and instructions were presented at such meeting and are attached hereto as **Composite Exhibit A**. Such documents are available for review and copying during normal business hours at the Office of the District Manager, Wrathell, Hunt and Associates, LLC, located at 2300 Glades Road, Suite 410W, Boca Raton, Florida 33431, Ph: (561) 571-0010.

5. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

6. EFFECTIVE DATE. This Resolution shall become effective upon its passage.

PASSED AND ADOPTED THIS 7TH DAY OF JUNE, 2022.

**NOTICE OF LANDOWNERS' MEETING AND ELECTION AND MEETING OF THE BOARD OF SUPERVISORS
OF THE LAKEWOOD PARK COMMUNITY DEVELOPMENT DISTRICT**

Notice is hereby given to the public and all landowners within Lakewood Park Community Development District (the "District"), the location of which is generally described as comprising approximately 198.02 acres in the City of Deland, Volusia County, advising that a meeting of landowners will be held for the purpose of electing three (3) persons to the District Board of Supervisors. Immediately following the landowners' meeting and election, there will be convened a meeting of the Board of Supervisors for the purpose of considering certain matters of the Board to include election of certain District officers, and other such business which may properly come before the Board.

DATE: November 1, 2022
TIME: ___:___ a/p.m.
PLACE: office of Cobb Cole
231 North Woodland Boulevard
DeLand, Florida 32720

Each landowner may vote in person or by written proxy. Proxy forms may be obtained upon request at the office of the District Manager, c/o Wrathell, Hunt and Associates, LLC, 2300 Glades Road, Suite 410W, Boca Raton, Florida 33431 ("District Office"). At said meeting each landowner or his or her proxy shall be entitled to nominate persons for the position of Supervisor and cast one vote per acre of land, or fractional portion thereof, owned by him or her and located within the District for each person to be elected to the position of Supervisor. A fraction of an acre shall be treated as one acre, entitling the landowner to one vote with respect thereto. Platted lots shall be counted individually and rounded up to the nearest whole acre. The acreage of platted lots shall not be aggregated for determining the number of voting units held by a landowner or a landowner's proxy. At the landowners' meeting the landowners shall select a person to serve as the meeting chair and who shall conduct the meeting.

The landowners' meeting and the Board of Supervisors meeting are open to the public and will be conducted in accordance with the provisions of Florida law. One or both of the meetings may be continued to a date, time, and place to be specified on the record at such meeting. A copy of the agenda for these meetings may be obtained from the District Office. There may be an occasion where one or more supervisors will participate by speaker telephone.

Any person requiring special accommodations to participate in these meetings is asked to contact the District Office at (561) 571-0010, at least forty-eight (48) hours before the hearing. If you are hearing or speech impaired, please contact the Florida Relay Service at 7-1-1 or (800) 955-8770 for aid in contacting the District Office.

A person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that such person will need a record of the proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

FOR THE ELECTION OF SUPERVISORS**

DATE OF LANDOWNERS' MEETING: **Tuesday, November 1, 2022**

TIME: __:__ **A./P.M.**

LOCATION: **office of Cobb Cole
231 North Woodland Boulevard
DeLand, Florida 32720**

Pursuant to Chapter 190, *Florida Statutes*, and after a Community Development District ("**District**") has been established and the landowners have held their initial election, there shall be a subsequent landowners' meeting for the purpose of electing members of the Board of Supervisors ("**Board**") every two years until the District qualifies to have its board members elected by the qualified electors of the District. The following instructions on how all landowners may participate in the election are intended to comply with Section 190.006(2)(b), *Florida Statutes*.

A landowner may vote in person at the landowners' meeting, or the landowner may nominate a proxy holder to vote at the meeting in place of the landowner. Whether in person or by proxy, each landowner shall be entitled to cast one vote per acre of land owned by him or her and located within the District, for each position on the Board that is open for election for the upcoming term. A fraction of an acre shall be treated as one (1) acre, entitling the landowner to one vote with respect thereto. For purposes of determining voting interests, platted lots shall be counted individually and rounded up to the nearest whole acre. Moreover, please note that a particular parcel of real property is entitled to only one vote for each eligible acre of land or fraction thereof; therefore, two or more people who own real property in common, that is one acre or less, are together entitled to only one vote for that real property.

At the landowners' meeting, the first step is to elect a chair for the meeting, who may be any person present at the meeting. The landowners shall also elect a secretary for the meeting who may be any person present at the meeting. The secretary shall be responsible for the minutes of the meeting. The chair shall conduct the nominations and the voting. If the chair is a landowner or proxy holder of a landowner, he or she may nominate candidates and make and second motions. Candidates must be nominated and then shall be elected by a vote of the landowners. Nominees may be elected only to a position on the Board that is open for election for the upcoming term.

This year, three (3) seats on the Board will be up for election by landowners. The two candidates receiving the highest number of votes shall be elected for a term of four (4) years. The candidate receiving the next highest number of votes shall be elected for a term of two (2) years. The term of office for each successful candidate shall commence upon election.

A proxy is available upon request. To be valid, each proxy must be signed by one of the legal owners of the property for which the vote is cast and must contain the typed or printed name of the individual who signed the proxy; the street address, legal description of the property or tax parcel identification number; and the number of authorized votes. If the proxy authorizes more than one vote, each property must be listed and the number of acres of each property must be included. The signature on a proxy does not need to be notarized.

AGREEMENT BETWEEN THE LAKEWOOD PARK COMMUNITY DEVELOPMENT DISTRICT AND THE LAKEWOOD PARK HOMEOWNERS ASSOCIATION, INC. FOR INFRASTRUCTURE MANAGEMENT AND MAINTENANCE SERVICES

THIS AGREEMENT is made and entered into this ___ day of _____, 2022, by and between:

Lakewood Park Community Development District, a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes, located in Volusia County, Florida (the "District")

and

Lakewood Park Homeowners Association, Inc., a Florida not for profit corporation (the "Association").

RECITALS

WHEREAS, the District is a local unit of special-purpose government established to finance, fund, plan, establish, acquire, construct or reconstruct, enlarge and extend, equip, operate and maintain systems, facilities and infrastructure in conjunction with the development of lands within the District; and

WHEREAS, the District has constructed and/or acquired various lands, systems, facilities and infrastructure and other facilities requiring inspection, operation and maintenance services; and

WHEREAS, the District desires to provide efficient inspection, operation and maintenance services for certain improvements and areas owned by the District ("District Property"), as more specifically identified in the attached Exhibit "A"; and

WHEREAS, the Lakewood Park CDD – Engineer’s Report, Capital Improvement Plan dated October 28, 2020 and as supplemented by the First Supplemental Engineer’s Report dated February 15, 2021 prepared by Madden Moorhead & Stokes, LLC outlines the District’s ownership, operation, and maintenance responsibilities related to road improvements, stormwater management, and irrigation and landscaping, as more specifically identified in the attached Exhibit "B"; and

WHEREAS, the Association is a Florida not for profit corporation, owning, operating and maintaining various improvements and facilities in close proximity to District Property; and

WHEREAS, the Association currently employs maintenance personnel and other employees who serve in close proximity to District Property; and

WHEREAS, for ease of administration, cost savings, and to obtain the benefits of full-time on-site inspection, operation and maintenance personnel, the District desires to contract with the Association to manage and maintain the District Property identified in Exhibit "A"; and

WHEREAS, the Association represents that it is qualified, through its officers, employees, contractors and affiliates, to manage and maintain the District Property and desires to contract with the District to do so in accordance with the terms of this Agreement between the District and the Association for Infrastructure Management Maintenance Services (the "Agreement").

NOW, THEREFORE, in consideration of the recitals, agreements and mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the District and Association (collectively, the "Parties"), the Parties agree as follows:

SECTION 1. RECITALS. The recitals so stated are true and correct and by this reference are incorporated into and form a material part of this Agreement.

SECTION 2. LAKEWOOD PARK HOMEOWNERS ASSOCIATION, INC.'S OBLIGATION.

- A. *General duties.* The Association shall be responsible for the management and maintenance of District Property in an efficient, lawful and satisfactory manner and in accordance with the District's bond covenants relating to such maintenance. The Association will act in a fiduciary capacity with respect to the protection and accounting of the District's assets.
- B. *Inspection.* The Association shall conduct regular inspections of all District Property and report any irregularities to the District Manager, or his designated representative, and shall correct any irregularities in accordance with the terms of this Agreement.
- C. *Repair and Maintenance.* The Association shall make, or cause to be made, such routine repair work or normal maintenance to District Property as may be required for the operation or physical protection of District Property. The Association shall promptly cause emergency repairs to be made when such repairs are necessary for the preservation and safety of persons and/or property, or when the repairs are required to be made to avoid the suspension of any services. The Association shall immediately notify the District Manager, or a designated representative, concerning the need for emergency repairs.
- D. *Investigation and Report of Accidents/Claims.* The Association shall promptly investigate and provide a full written report to the District Manager as to all accidents or claims for damage relating to the management of the District and maintenance and operation of District Property. Such report shall at a minimum include a description of any damage or destruction of property and the estimated cost of repair. The Association shall cooperate and make any and all reports

required by any insurance company or the District in connection with any accident or claim. The Association shall not file any claims with the District's insurance company without the prior consent of the District Manager or his designee.

- E. *Compliance with Government Rules, Regulations, Requirements and Orders.* The Association shall take such action as is necessary to comply promptly with any and all orders or requirements affecting District Property placed thereon by any governmental authority having jurisdiction over any District Property. The Association shall immediately notify the District Manager and District Counsel in writing of all such orders or requirements. At the request of the District, the Association shall prepare for execution and filing by the District any forms, reports or returns which may be required by law in connection with the ownership, maintenance and operation of the District Property.
- F. *Adherence to District Rules, Regulations and Policies.* The District shall provide, at the time of the execution of this Agreement, a list of District rules, regulations, and policies, if any, related to the District Property. The Association's personnel shall be familiar with any and all District policies and procedures, if any, and shall ensure that all persons using District Property are informed with respect to the rules, regulations and notices as may be promulgated by the District from time to time and ensure that said persons conform therewith. The Association may adopt such policies and procedures as it deems necessary to the fulfillment of its obligations under this Agreement provided that copies of such policies and procedures shall be provided to the District at all times. The Association assures the District that all third parties will be dealt with at arm's length, and that the District's interest will be best served at all times.
- G. *Care of Property.* The Association shall use all due care to protect the District Property, its residents and landowners from damage by the Association, its employees or contractors. The Association agrees to repair any damage resulting from the Association's activities and work.
- H. *Standard of Care.* The Association shall be solely responsible for establishing maintenance specifications for the District Property, so long as such standards comply with orders or requirements placed thereon by any governmental authority having jurisdiction over the District Property.
- I. *Staffing.* The Association shall be solely responsible for the hiring, staffing, contractor retention, and vendor selection processes necessary to perform the management and maintenance responsibilities set forth in this Agreement. The Association shall also be solely responsible for the supervision of such employees, vendors, and contractors retained to perform these responsibilities.

SECTION 3. NO COMPENSATION DUE. The District shall not be required to pay the Association for the provision of management and maintenance services provided pursuant to the terms of this Agreement. The Association shall privately assess properties within the District for

the cost of the management and maintenance services provided and the private assessments shall take the place of public maintenance assessments that could otherwise be levied by the District.

SECTION 4. MAINTENANCE. The Association shall annually budget for, raise revenues and operate and maintain District Property. The Association shall also annually budget and maintain reserve funds for future maintenance expenses associated with District Property, subject to District review and approval. The reserve funds shall be held in an account for the benefit of the District.

SECTION 5. TERM. The term of this Agreement is for a period of five (5) years commencing on _____, 2022 and shall automatically renew for successive five (5) year terms unless otherwise terminated by either party. Both the District and the Association shall have the right to terminate this Agreement effective immediately at any time due to the Association's failure to perform in accordance with the terms of this Agreement, or upon thirty (30) days written notice without a showing of cause.

SECTION 6. INSURANCE. The Association shall maintain, at its own expense throughout the term of this Agreement, the following insurance with the District, its staff, consultants and supervisors shall be named as an additional insured:

- A. Worker's Compensation Insurance in accordance with the laws of the State of Florida.
- B. Commercial General Liability Insurance covering the Association's legal liability for bodily injuries, with limits of not less than \$1,000,000 combined single limit bodily injury and property damage liability, and covering at least the following hazards:
- C. Employer's Liability Coverage with limits of at least \$1,000,000 (one million dollars) per accident or disease.
- D. Automobile Liability Insurance for bodily injuries in limits of not less than \$1,000,000 combined single limit bodily injury and for property damage, providing coverage for any accident arising out of or resulting from the operation, maintenance, or use by the Association of any owned, non-owned, or hired automobiles, trailers, or other equipment required to be licensed.

SECTION 7. INDEMNIFICATION. The Association agrees to indemnify and hold harmless the District and its officers, agents and employees from any and all liability, claims, actions, suits or demands by any person, corporation or other entity for injuries, death, property damage or of any nature, arising out of, or in connection with, the work to be performed by the Association, including litigation or any appellate proceedings with respect thereto.

SECTION 8. LIMITATIONS ON GOVERNMENTAL LIABILITY. Nothing in this Agreement shall be deemed as a waiver of immunity or limits of liability of the District beyond any statutory limited waiver of immunity or limits of liability which may have been adopted by

the Florida Legislature in Section 768.28, Florida Statutes or other statute, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.

SECTION 9. ASSIGNMENT. Neither the District nor the Association may assign this Agreement without the prior written approval of the other.

SECTION 10. INDEPENDENT CONTRACTOR STATUS. In all matters relating to this Agreement, the Association shall be acting as an independent contractor. Neither the Association nor employees of the Association, if there are any, are employees of the District under the meaning or application of any Federal or State Unemployment or Insurance Laws or Old Age Laws or otherwise. The Association agrees to assume all liabilities or obligations imposed by anyone or more of such laws with respect to employees of the Association, if there are any, in the performance of this Agreement. The Association shall not have any authority to assume or create any obligation, express or implied, on behalf of the District and the Association shall have no authority to represent the District as an agent, employee, or in any other capacity, unless otherwise set forth in this Agreement. Nothing herein shall preclude the Association and the District from entering into separate agreements for the leasing of personnel or sharing of other resources.

SECTION 11. HEADINGS FOR CONVENIENCE ONLY. The descriptive headings in this Agreement are for convenience only and shall neither control nor affect the meaning or construction of any of the provisions of this Agreement.

SECTION 12. AGREEMENT. This instrument shall constitute the final and complete expression of this Agreement between the District and the Association relating to the subject matter of this Agreement.

SECTION 13. AMENDMENTS. Amendments to and waivers of the provisions contained in this Agreement may be made only by an instrument in writing which is executed by both the District and the Association.

SECTION 14. AUTHORIZATION. The execution of this Agreement has been duly authorized by the appropriate body or official of the District and the Association, both the District and the Association have complied with all the requirements of law, and both the District and the Association have full power and authority to comply with the terms and provisions of this instrument.

SECTION 15. NOTICES. All notices, requests, consents and other communications under this Agreement ("Notices") shall be in writing and shall be delivered, mailed by First Class Mail, postage prepaid, or overnight delivery service, to the parties, as follows:

Except as otherwise provided in this Agreement, any Notice shall be deemed received only upon actual delivery at the address set forth above. Notices delivered after 5:00 p.m. (at the place of delivery) or on a non-business day, shall be deemed received on the next business day. If any time for giving Notice contained in this Agreement would otherwise expire on a non-business day, the Notice period shall be extended to the next succeeding business day. Saturdays, Sundays, and legal holidays recognized by the United States government shall not be regarded as business days. Counsel for the District and counsel for the Association may deliver Notices on behalf of the District and the Association. Any party or other person to whom Notices are to be sent or copied may notify the other parties and addressees of any change in name or address to which Notices shall be sent by providing the same on five (5) days written notice to the parties and addressees set forth herein.

SECTION 16. THIRD PARTY BENEFICIARIES. This Agreement is solely for the benefit of the District and the Association and no right or cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon any person or corporation other than the District and the Association any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and all of the provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and shall be binding upon the District and the Association and their respective representatives, successors, and assigns.

SECTION 17. CONTROLLING LAW. This Agreement and the provisions contained in this Agreement shall be construed, interpreted, and controlled according to the laws of the State of Florida.

SECTION 18. PUBLIC RECORDS. The Association understands and agrees that all documents of any kind provided to the District in connection with this Agreement may be public records and shall be treated as such in accordance with Florida law.

SECTION 19. SEVERABILITY. The invalidity or unenforceability of anyone or more provisions of this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement, or any part of this Agreement not held to be invalid or unenforceable.

SECTION 20. ARM'S LENGTH TRANSACTION. This Agreement has been negotiated fully between the District and the Association as an arm's length transaction. The District and the Association participated fully in the preparation of this Agreement with the assistance of their respective counsel. In the case of a dispute concerning the interpretation of any provision of this Agreement, the parties are each deemed to have drafted, chosen, and selected the language, and any doubtful language will not be interpreted or construed against any party.

IN WITNESS WHEREOF, the parties execute this agreement the day and year first written above.

Section 1 Introduction

1.1. Background

The Engineer’s Report for public infrastructure improvements (the “Report”) for the Lakewood Park Community Development District (the “District”) has been prepared to assist with the financing and construction of such public improvements contemplated to be constructed, acquired and/or installed within the District or outside of the District (the “Capital Improvement Plan”) pursuant to requirements of the City of Deland, Florida and Volusia County.

Capital improvements reflected in this Report represent the current Capital Improvement Plan for the District. The majority of the necessary regulatory approvals have not been obtained for the development. The remaining permits necessary to complete the Development are expected to be obtained in the future during the normal design and permitting processes. To the best of our knowledge and belief it is our opinion that the balance of the required permits are obtainable as needed. The implementation of any improvements discussed in this plan requires the final approval by many regulatory and permitting agencies as outlined in Section 2 below. This report, therefore, may be amended from time to time.

Cost estimates contained in this Report have been prepared based on the best available information at this time. The actual costs of construction, final engineering design, planning, approvals and permitting may vary from the cost estimates presented.

1.2. Location and General Description

The overall District is a 197.01 +/- acre tract currently located in the City of Deland, Florida. More specifically, the parcel is located within a portion of Sections 13, 23, and 24, Township 17 South, Range 30 East lying south of SR 44, west of north Summit Avenue, and east of Martin Luther King Boulevard. Please refer to Vicinity Map Exhibit 1 and Location Map Exhibit 2. The proposed project is a three (3) phase development to include approximately 434 single family homes and supporting recreational amenities. The Development is zoned as Planned Development which was most recently approved by The City of Deland on November 18, 2019. A more detailed breakdown of the anticipated development program is as follows:

40’ Single Family	164 Units
50’ Single Family	257 Units
65’ Single Family	13 Units
Total	434 Units

The District Boundary and Legal Description are included as Exhibit 3.

1.3. District Purpose and Scope

The District was established for the purpose of financing, acquiring or constructing, maintaining and operating a portion of the public infrastructure necessary for community development within the District. The purpose of this Report is to provide a description of the public infrastructure improvements that may be financed by the District. The District may finance, acquire and/or, construct, operate, and maintain certain public infrastructure improvements that are needed to serve the Development. A portion of the infrastructure improvements will be financed (1) with the proceeds of bonds issued by the District and/or (2) by the Developer.

The proposed public infrastructure improvements, as outlined herein, are necessary for the development of the District as required by the applicable independent units of local government.

1.4. Description of Land Use

The lands within the District encompass approximately 198.02 +/- acre according to legal description attached to petition. Based on the current PD Zoning for the property, the development program currently consists of 434 single family homes and two supporting recreational amenities. The approved land uses within the District include the following areas outlined in the table below. Exhibit 4 provides the location of the development uses below.

Proposed Development	Approximate Acres
Private (Single Family Lots)	64.74
Stormwater Ponds	30.84
Open Space/Tree Preservation	24.06
Park/Recreation Space	3.96
Roadway Tracts	21.05
ROW Dedication	9.00
Conservation Areas	43.28
City of Deland Utility Tracts	0.08
Total Acres	197.01
The deed description used for the PUD and Petition specified a total acreage of 198.02 acres, however the actual metes and bounds description calculated a total acreage of 197.01 acres therefore the total acreages add up to 197.01 acres.	

Section 2 Government Actions

The following are the permitting agencies that will have jurisdiction for approval of construction within the District. Depending on the location and scope of each phase of project design, the individual permits that need to be obtained will need to be evaluated and not all of the permits listed below will necessarily apply to every sub-phase within the District. The property is currently located in the City of Deland within Volusia County.

Permitting Agencies & Permits Required

1. The City of Deland
 - a. Preliminary Plat/Final Construction plans

- b. Final Plat
2. St. Johns River Water Management District (SJRWMD)
 - a. Environmental Resource Permit
 - i. Final Engineering for Onsite and Offsite Improvements
3. Volusia County
 - a. Right of Way Use permitting
4. Florida Department of Environmental Protection (FDEP)
 - a. Water Distribution System
 - b. Sanitary Sewer Collection and Transmission System
 - c. National Pollutant Discharge Elimination System (NPDES)
5. Federal Emergency Management Agency
 - a. Letter of Map Revision
6. Army Corp of Engineers
 - a. Dredge and Fill Permit
7. Florida Fish and Wildlife Conservation Commission (FWC)

Section 3 Infrastructure Benefit

The District will fund, and in certain cases, maintain and operate public infrastructure yielding two types of public benefits. These benefits include:

- Project wide public benefits
- Incidental public benefits

The project wide public benefits are provided by infrastructure improvements that serve all lands in the District or certain designated assessment areas within the District. These public infrastructure improvements include construction of the master stormwater management system, the sanitary sewer, potable water, and reclaimed water mains, roadway network, offsite roadway and utility improvements, recreational facilities, and perimeter landscape and irrigation improvements within the District boundary. However, some incidental public benefits include those benefits received by the general public who do not necessarily reside on land owned or within the District or within certain designated assessment areas within the District.

The proposed capital improvements identified in this Report are intended to provide specific benefit to the assessable real property within the boundaries of the District. As the property is undeveloped the construction and maintenance of the proposed infrastructure improvements are necessary and will benefit the property for the intended use as a residential community. The District can construct, acquire, own, operate and/or maintain any portion or all of the proposed infrastructure. The Developer and/or other party/parties may construct and fund the infrastructure not funded by the District.

Section 4 Capital Improvement Plan

The District Capital Improvements Plan will connect and interact with the adjacent offsite roads, potable water, reclaimed water, and sanitary sewer systems. The proposed infrastructure improvements addressed by this Report include elements internal and external to the District. The elements include the master stormwater management and drainage systems, roadway improvements, landscaping, street lighting, pavement markings and signage, as well as potable water main, reclaimed water main and sanitary sewer extensions required to provide utility service to the District. Detailed descriptions of the proposed capital improvements are provided in the following sections and Exhibits 4 through 7 and 8 through 11. Exhibit 12, details the Cost Opinion for the District's Capital Improvement Plan.

The Capital Improvement Plan will be constructed and financed in logical segments, as property within the District is developed by the Developer. The District anticipates issuing multiple series of bonds to fund all or a portion of the Capital Improvement Plan.

Section 5 Description of Capital Improvement Plan

5.1 Roadway Improvements

As indicated above, the District will fund all roadway construction internal and external to the District consisting of a local roadway and turn lane improvements. The funding of main boulevard through the Development will be by the Developer and subject to reimbursement through Mobility Fee Credits with The City of Deland. The Developer will pay all costs associated with the Beresford Avenue extension, and related drainage/stormwater improvements for which impact fee credits are payable pursuant to Volusia County's criteria. The costs for such improvements are not included on Exhibit 12. Exhibit 4, Public and Private Improvements, provides a graphical representation of the proposed roadway improvements. All local roadways will be open to the public.

5.2 Stormwater Management

As indicated above, the District will fund the construction of the master stormwater management system for the lands within the District. This system is made up of wet detention stormwater treatment ponds, control structures, spreader swales, inlets, manholes and storm pipes. The proposed ponds and outfall structures will be designed to provide water quality treatment and attenuation in accordance with The City of Deland and the St. Johns River Water Management District regulations. The stormwater management system will be designed to accommodate on-site runoff associated with the development. Exhibit 6, Post-Development Basin Map provides a graphical representation of the currently proposed stormwater management system.

5.3 100-Year Floodplain

Pursuant to the Federal Emergency Management Agency's (FEMA) Flood Insurance Rate Map (FIRM) panels 12127 C0500H and 12127 C0470H dated December 18, 2012, portions of the project site is located within the 100-year Flood Hazard Area (FHA), Zone A – 100-year floodplain with no established base flood elevation. Exhibit 7, FEMA 100-Year Floodplain details the floodplain limits relative to the District boundaries.

Any development within the mapped floodplain will require a Letter of Map Revision to be issued by FEMA to remove the development from the floodplain. In addition, the placement of fill within the floodplain is regulated by the SJRWMD and the City of Deland. Any filled areas below the floodplain will require mitigation in the form of compensating storage. The District will not finance the placement of fill on the developable lands.

5.4 Master Infrastructure

5.4.1 Primary Roadways

Based on the current approved Preliminary Plat, the roadway improvements, excluding the Beresford Avenue extension, include approximately 17,362 linear feet of road and will define the major ingress and egress points throughout the Development. The roadways will also serve as locations for the placement of utility infrastructure needed to serve the development of the project, see Exhibits 4 and 5. In addition to the onsite roadways, offsite roadway improvements to Martin Luther King Boulevard and North Summit Avenue are included in the master infrastructure serving the District.

5.4.2 Potable Water Distribution System

The District will fund the construction of the water distribution system within the District and those portions outside the District required to connect to existing or proposed offsite facilities. The potable water system will be conveyed to the City of Deland by the District once it has been certified complete. The water mains within the District will be sized to provide water to residents and amenities of the District and will be required to be designed and constructed based on an approved Utility Plan. Exhibit 9, Potable Water Distribution System Map, provides a graphical representation of the contemplated water mains to be constructed within the District. No laterals to the private lots will be funded by the District.

5.4.3 Reclaimed Water Distribution System

The District may fund the construction of the reclaimed water distribution system within the District and those portions outside the District required to connect to existing or proposed offsite facilities. The reclaimed water system will be conveyed to, and owned and maintained by, the City of Deland once it has been certified complete by the District. The reclaimed water mains serving the District will be sized to provide reclaimed water to the lot boundaries and common areas within the District and will be required to be designed and constructed based on an approved MUP. Exhibits 8 and 10, Offsite Utilities Infrastructure and Reclaimed Water Distribution System Map, provide a graphical representation of the existing and proposed offsite reclaimed water system and onsite system contemplated within the District.

5.4.4 Wastewater System

The District may fund the construction of the gravity sewer, force main, and lift station infrastructure within the District and those portions outside the District required to connect to existing or proposed offsite facilities. The wastewater system will be conveyed to, and owned and maintained by, the City of Deland once it has been certified complete by the District. The sewer

collection mains, lift stations and force mains serving the District will be sized to provide wastewater service to the residents and amenity center of the District, and will be required to be designed and constructed based on an approved Utility Plan. Exhibit 11, Wastewater System Map, provides a graphical representation of the proposed onsite system contemplated within the District.

5.4.5 Parks, Landscape & Hardscape

The District will fund parks, landscape and hardscape construction within roadways and common areas which may include perimeter landscape buffers, master signage, way finding signage, entry hardscape features, entry landscape, park area features, landscape and hardscape, pedestrian/multi-purpose trails, and street trees. The District will own and maintain foregoing improvements. Any parks funded by the District will be open to the general public.

5.4.6 Undergrounding of Electrical Distribution and Street Lights

Most, if not all, District constructed Master Infrastructure will include underground electric and street lighting. The street lighting system will be constructed in cooperation with The City of Deland, Duke Energy, and the Developer. The District will fund the cost to trench the underground installation only. Leasing and monthly service charges associated with the upgraded street lighting fixtures along roadways within the District will not be financed through bond proceeds. Duke Energy and the appropriate community entity will own and maintain the electric and street light infrastructure.

5.5 Professional and Inspection Fees

For the design, permitting and construction of the proposed District Capital Improvement Plan, professional services are required by various consultants. The consultant services may include, but are not limited to, civil engineering, geotechnical engineering, planning, environmental, surveying, and landscape architect. During construction, the various permitting agencies will observe and inspect the project. Each of the agencies will charge an inspection fee to cover the costs associated with an inspector visiting the site to observe construction progress and confirm that the project is constructed in accordance with their respective approved plans, permits, rules, and regulations. The Professional Services and Inspections Fees are included as Soft Costs for the District Capital Improvement Plan.

Real property interests for lands within the District needed for construction, operation, and maintenance of District facilities will be conveyed and/or dedicated by the owner thereof to the District at no cost.

Section 8 Estimate of Probable Capital Improvement Costs

The Estimate of Probable Capital Improvement Plan Costs is provided in Exhibit 12. Costs associated with construction of the improvements described in this report have been estimated based on the best available information. Other soft costs include portions of the surveying, design and engineering for the described work, regulatory permitting inspection fees and materials testing. In addition, a reasonable project contingency estimate has been included.

Please note that the costs are preliminary in nature and subject to change based on final engineering, permitting, and changes in the Concept Plan and construction cost due to market fluctuation.

Section 9 Conclusions and Summary Opinion

The Capital Improvement Plan as described is necessary for the functional development of the property within the District as required by the applicable local governmental agencies. The planning and design of the infrastructure will be in accordance with current governmental regulatory requirements. The public infrastructure as described in this Report will serve its intended function provided the construction is in substantial compliance with the future design and permits which will be required by the District for the various jurisdictional entities outlined earlier in this Report. In addition to the annual non-ad valorem assessments to be levied and collected to pay debt service on the proposed bonds, the District will levy

and collect an annual "Operating and Maintenance" assessment to be determined, assessed and levied by the District's Board of Supervisors upon the assessable real property within the District, for the purpose of defraying the cost and expenses of maintaining District-owned improvements. Alternatively, the CDD can also consider contracting with the HOA to have the HOA budget for the maintenance or CDD improvements.

The construction costs for the District's Capital Improvement Plan in this report are based on the concept plans for the District as currently proposed. In our professional opinion, and to the best of our knowledge and belief, the costs provided herein for the District are reasonable to complete the construction of the infrastructure improvements described herein. All of the proposed infrastructure Capital Improvement Plan costs are public improvements or community facilities as set forth in sections 190.012(1) and (2) of the Florida Statutes. The benefit to the assessed lands within the District will be equal or greater than the actual cost of such improvements. The District will pay the lesser of the actual costs of the public improvements or the fair market value thereof.

The summary of probable infrastructure construction costs is only an opinion and not a guaranteed maximum price. Historical costs, actual bids and information from other professionals or contractors have been used in the preparation of this report. Contractors who have contributed in providing the cost data included in this report are reputable entities with experience in Central Florida. It is therefore our opinion that the construction of the proposed District Capital Improvement Plan can be completed at the costs as stated.

The labor market, future costs of equipment and materials, increased regulatory actions and requirements, and the actual construction process are all beyond our control. Due to this inherent opportunity for fluctuation in cost, the total final cost may be more or less than this opinion.

**LAKWOOD PARK COMMUNITY DEVELOPMENT DISTRICT
SUPPLEMENTAL ENGINEER'S REPORT**

1. INTRODUCTION

The purpose of this report is to provide a description of the District's "Assessment Area One Project," which is the first part of the District's overall capital improvement plan ("CIP") described in the *Master Engineer's Report*, dated October 28, 2020 ("Master Engineer's Report"). The Master Engineer's Report is incorporated herein, and any capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the Master Report.

2. ASSESSMENT AREA ONE PROJECT

As noted in the Master Engineer's Report, the District's overall CIP is intended to provide public infrastructure improvements for the lands within the District, which are planned for 434 residential units, and for development in 3 phases. Phase 1 consists 187 residential homes, as shown in Table 1 below:

Table 1 – Product Type

Product Type	Phase 1 Units	Phase 2 Units	Phase 3 Units	Units All Phases
40' x 120'	71	35	54	160
50' x 120'	116	89	56	261
65' x 120'	0	0	13	13
Totals	187	124	123	434

The approved site plan showing all Phases is attached hereto as Exhibit A-1.

Assessment Area One is part of the overall CIP and includes all of the improvements that are necessary for the development of the first 187 units (i.e., Phase 1). Such infrastructure will consist of: Stormwater Management, Utilities, and Shared Offsite Improvements.

Some of Phase 1 is already under construction. The Phase 1 stormwater management system, water, and sewer systems are currently under construction. In addition, the off-site improvements (along Martin Luther King Boulevard) are in permitting and nearing approval. Phase 1 is currently being platted through the City of Deland with the plat to be approved and recorded in May or June 2021. The District's Phase 1, as part of the overall CIP, will function as a system of improvements benefitting all lands within the District. All of the foregoing Phase 1 Project improvements are required by applicable development approvals. Note that there are no impact fee or similar credits available from the construction of any of the phase 1 improvements.

3. OPINION OF PROBABLE CONSTRUCTION COSTS

Table 2 below presents the total cost of the District's Assessment Area One, and it is our professional opinion that the costs set forth in Table 2 are reasonable and consistent with market pricing.

Table 2- Proposed Improvement Costs

Improvement	Assessment Area One
Earthwork Site preparation	\$888,919.48
Onsite Roadways	\$1,444,505.5
Utilities (water/sewer/reclaim	\$1,837,248.27
Storm Sewer	\$1,288,452.50
MLK Improvements	\$391,424.00
Landscape/Hardscape	\$597,305.00
TOTAL	\$6,447,854.75

*The probable costs estimated herein do not include anticipated carrying cost, interest reserves or other anticipated CDD expenditures that may be incurred.

4. STATUS OF PERMITTING

Table 3 shows the current status of permits for the 2021Project:

Table 3— Permitting Status

Overall CIP / Phases	Agency	Permit & NumberDate	Approved/Status
	City of Deland	Preliminary Plat	7/20/2020
	FDEP	Wastewater 0393297-001-DWC/CM	11/13/2020
	Volusia County Dept. of Health	Drinking Water 0128184-366-DSGP	11/13/2020
	St. Johns River Water Management District	Environmental Resource 160907-1	9/11/2020
	Volusia County	Use Permit 2020-P-USE-0616	In process
	FEMA	CLOMR-F	In Process

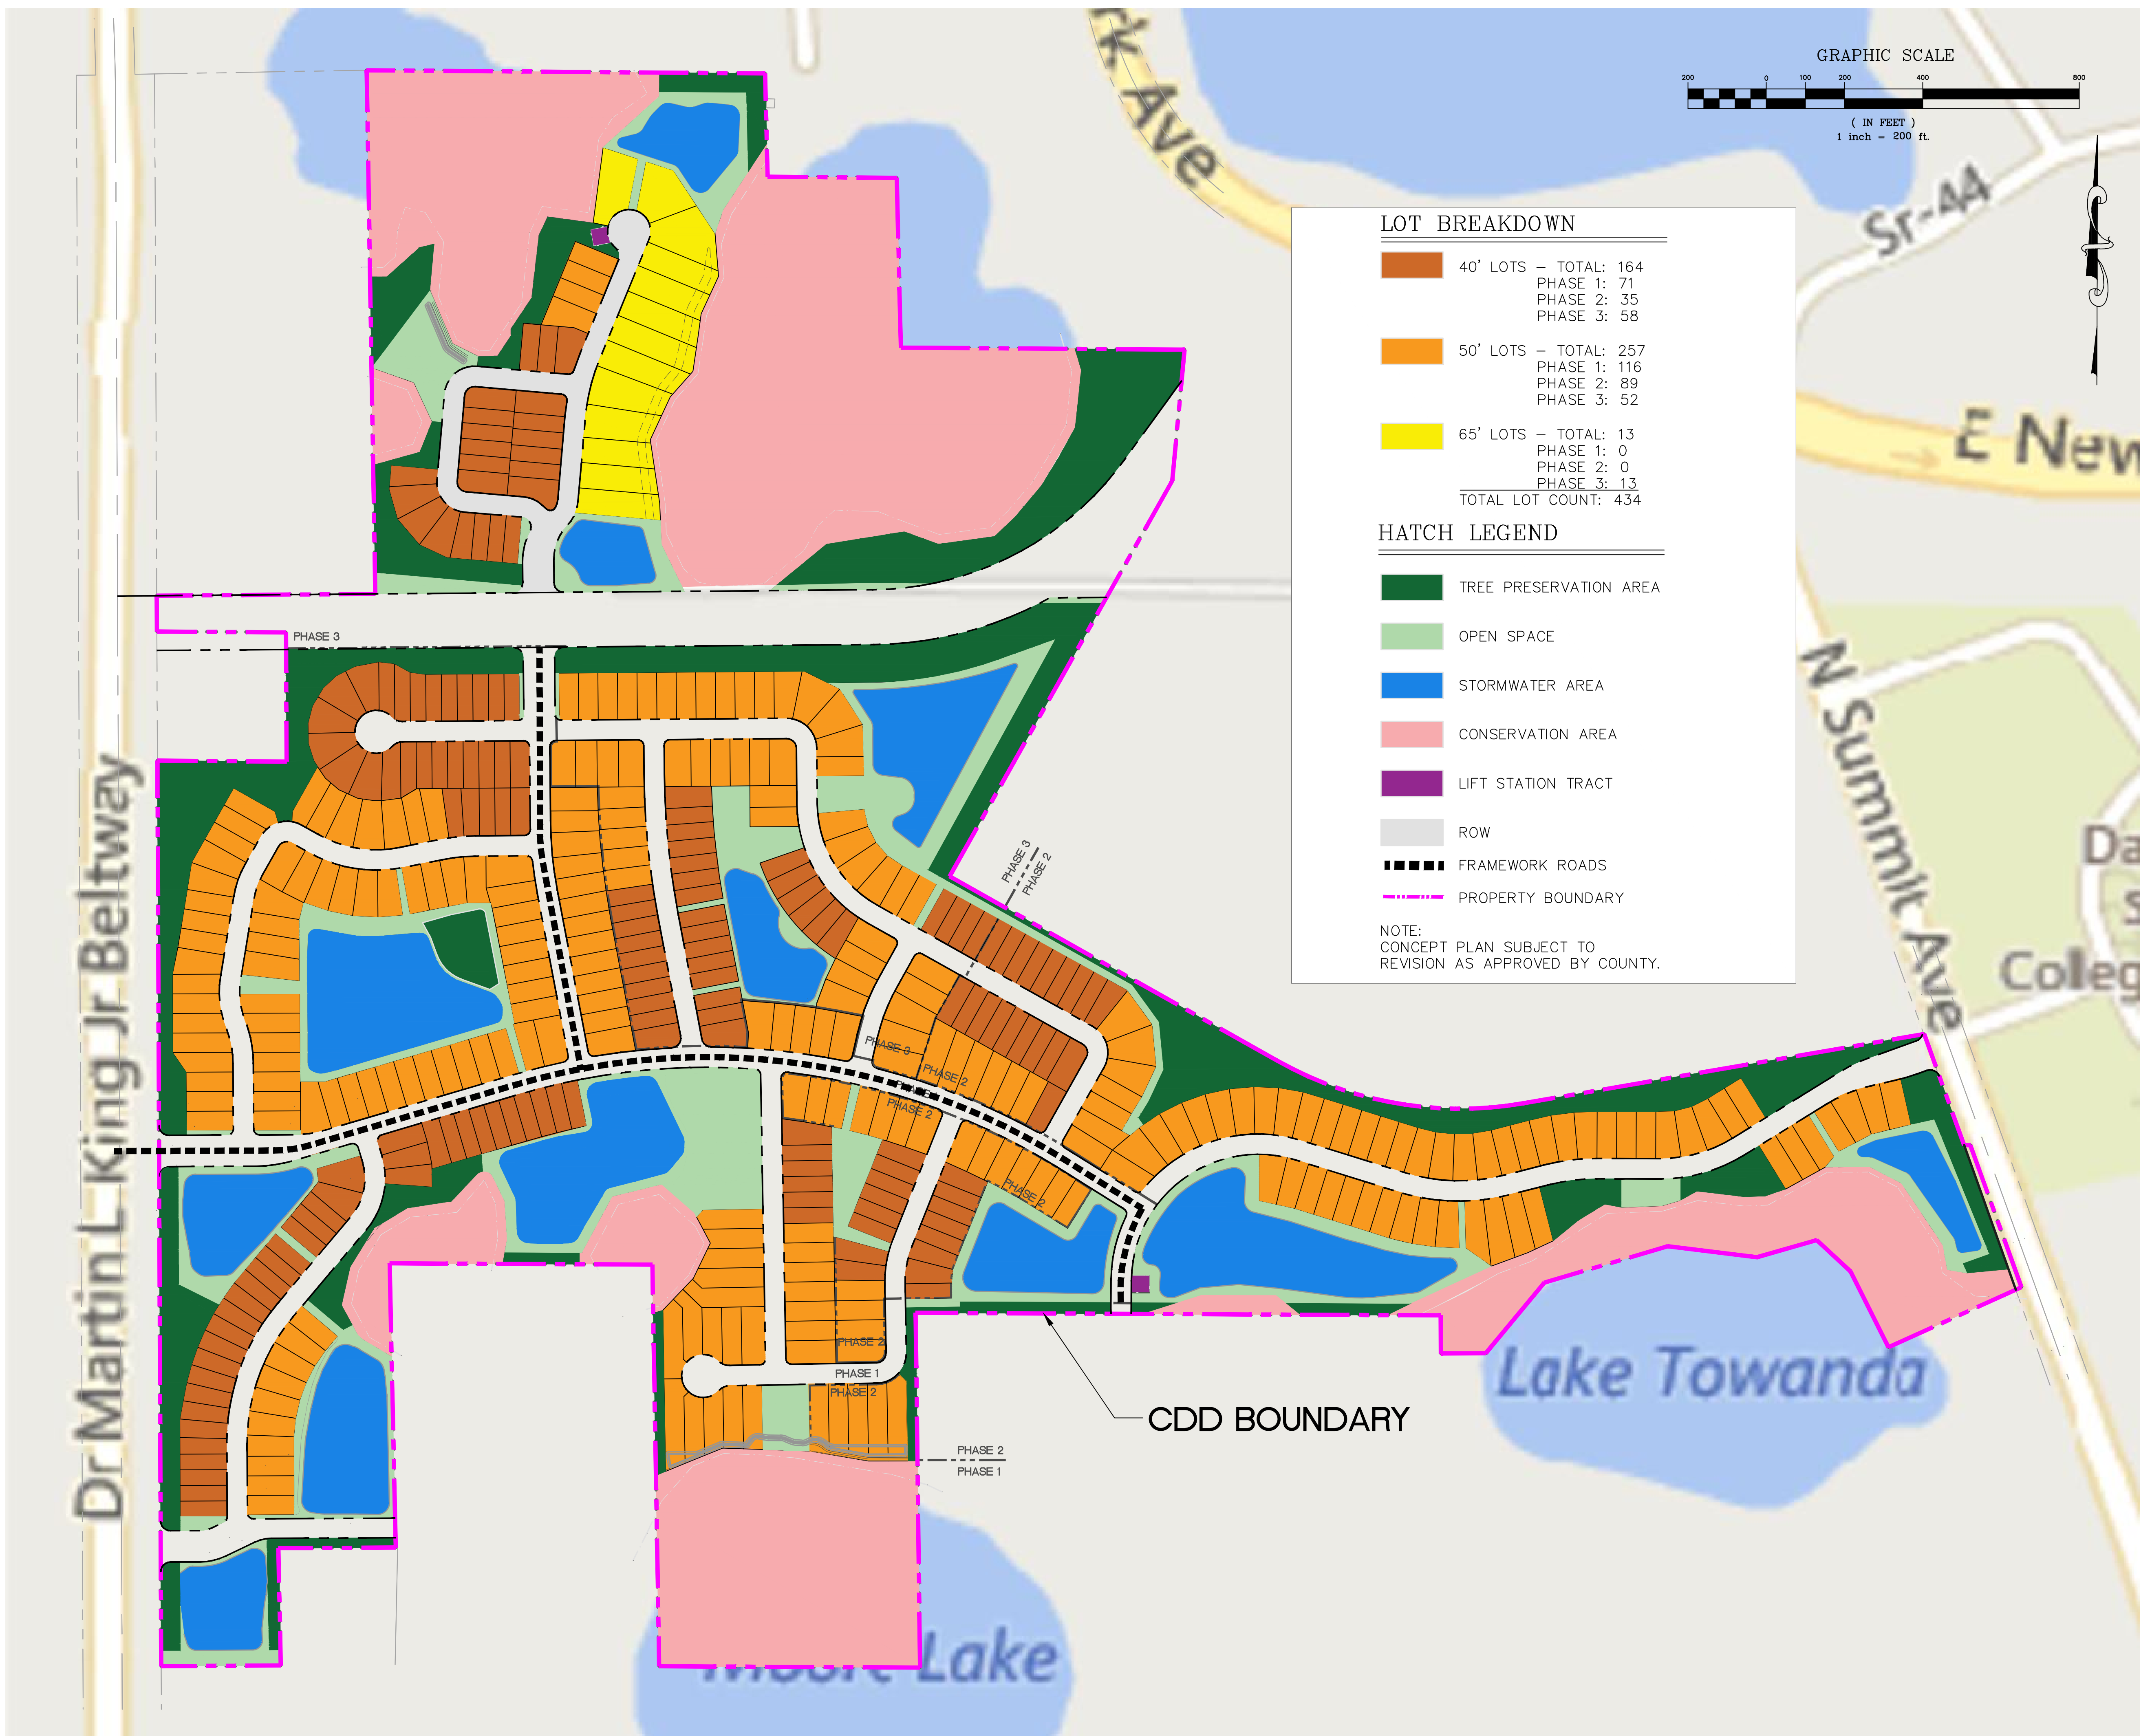

5. CONCLUSIONS

Assessment Area One has been designed in accordance with current governmental regulations and requirements. It will serve its intended function so long as the construction is in substantial compliance with the design.

The cost estimates provided are reasonable to complete the required Assessment Area One improvements and it is our professional opinion that the public infrastructure improvements comprising this area will serve as a system of improvements that benefit and add value to all lands within the District. The cost estimates are based on prices currently being experienced in the Central Florida area. Actual costs may vary depending on final engineering and approvals from regulatory agencies. It is further our opinion that the improvement plan is feasible, that there are no technical reasons existing at this time that would prevent the implementation of Assessment Area One, and that it is reasonable to assume that all necessary regulatory approvals will be obtained in due course.

In sum, it is our opinion that: (1) the estimated cost of the public infrastructure set forth herein to be paid by the District is not greater than the lesser of the actual cost or fair market value of such infrastructure; (2) that Assessment Area One is feasible; and (3) that the assessable property for The Lakewood Park CDD will receive a special benefit from Phase 1 that is at least equal to such costs.

Please note that Assessment Area One as presented herein is based on current plans and market conditions which are subject to change. Accordingly, Phase 1, as used herein, refers to sufficient public infrastructure of the kinds described herein (i.e., stormwater/floodplain management, sanitary sewer, potable water, etc.) to support the development and sale of the planned residential units in Phase 1 of the District, which (subject to true-up determinations) number and type of units may be changed with the development of the site. Stated differently, during development and implementation of the public infrastructure improvements as described herein, it may be necessary to make modifications and/or deviations for the plans, and the District expressly reserves the right to do so.

STANDARD PROVISIONS OF AGREEMENT FOR PROFESSIONAL SERVICES

The Client and Engineer agree that the following provisions shall be a part of their agreement:

1. Neither the Client nor Engineer shall assign its interest in this agreement without the written consent of the other.
2. All agreements on Engineer's part are contingent upon, and Engineer shall not be responsible for damages or be in default or be deemed to be in default by reason of, delays in performance by reason of strikes, lock-outs, accidents, acts of God and other delays unavoidable or beyond Engineer's reasonable control, or due to shortages or unavailability of labor at established area wage rate or delays caused by failure of Client or Client's agents to furnish information or to approve or disapprove Engineer's work promptly, or due to late or slow, or faulty performance by Client, other contractors, or governmental agencies, the performance of whose work is precedent to or concurrent with the performance of Engineer's work, in the case of the happening of any such cause of delay, the time of completion shall be extended accordingly.
3. In the event that any changes are made in the plans and specifications by the Client or persons other than Engineer which affect Engineer's work, any and all liability arising out of such changes is waived as against Engineer and the Client assumes full responsibility for such changes unless Client has given Engineer prior notice and has received from Engineer written consent for such changes.
4. Engineer is not responsible, and liability is waived by client as against Engineer, for use by Client or any other person of any plans or drawings not signed by Engineer.
5. All tracings, survey notes, and other original documents are instruments of service and shall remain the property of Engineer, except where by law or precedent these documents become public property.
6. Engineer's liability to the Client for injury or damage to persons or property arising out of work performed for the Client and for which legal liability may be found to rest upon Engineer, other than for professional errors and omissions, will be limited to Engineer's general liability insurance coverage. For any damage on account of any error, omission or other professional negligence Engineer's liability will be limited to a sum not-to-exceed Engineer's fee.
7. Fees and all other charges will be billed monthly as the work progresses, and the net amount shall be due at the time of billing.
8. Interest 1-1/2% per month (but not exceeding the maximum rate allowable by law) will be payable on any amounts not paid within 30 days of the billing date, payment thereafter to be applied first to accrued interest and then to the principal unpaid amount. Any attorney's fees or other costs incurred in collecting any delinquent amount shall be paid by the Client.
9. The Client shall pay the costs of checking an inspection fees, zoning and annexation application fees, assessment fees, soils engineering fees, soils testing fees, aerial topography fees, and all other fees, permits, bond premiums, title company charges, blueprints and reproductions, and all other charges not specifically covered by the terms of this agreement.
10. In the event all or any portion of the work prepared or partially prepared by Engineer is suspended, abandoned, or terminated, the Client shall pay Engineer for the work performed on an hourly basis, not to exceed any maximum contract amount specified herein.
11. Any Opinion of the Construction Cost prepared by Engineer represents his judgement as a design professional and is supplied for the general guidance of the Client. Since Engineer has no control over the cost of labor and material, or over competitive bidding or market conditions, Engineer does not guarantee the accuracy of such opinions as compared to contractor bids or actual cost to the Client.
12. The Client agrees that in accordance with generally accepted construction practices, the construction contractor will be required to assume sole and complete responsibility for job site conditions during the course of construction of the project, including safety of all persons and property and that this requirement shall be made to apply continuously and not be limited to normal working hours.
13. In the performance of its professional services, Engineer will use that degree of care and skill ordinarily exercised under similar conditions in similar localities and no other warranties express or implied, are made or intended in any of Engineer's proposals, contracts or reports. The Client agrees to defend, indemnify and hold harmless from any and all liability, real or alleged, in connection with the performance of work on this project, excepting liability proximately arising from the sole negligence of Engineer.
14. In the event the Client fails to pay Engineer within sixty (60) days after invoices are rendered, then Client agrees that Engineer shall have the right to consider said default a total breach of this agreement and the duties of Engineer under this agreement terminated upon five (5) days written notice. This agreement may be terminated by either Client or Engineer upon thirty (30) days written notice in the event of substantial failure of the other party to perform in accordance with the terms of this agreement. Client expressly agrees to hold Engineer harmless from any liability arising out of Engineer's termination of its services hereunder due to Client's failure to perform and/or pay in accordance with the provisions of this agreement. In the event of termination of this agreement, Client shall then promptly pay Engineer for all of the fees, charges and services performed by Engineer in accordance with the compensation arrangements under this agreement or on an agreed hourly basis.
15. Should litigation be necessary to enforce any term or provision of this agreement, or to collect any portion of the amount payable under this agreement, then all litigation and collection expenses, witness fees and court costs, and attorney's fees shall be paid to the prevailing party.
16. Should any provision herein be found or deemed to be invalid, this agreement shall be construed as not containing such provisions, and all other provisions which are otherwise lawful shall remain in full force and effect, and to this end the provisions of this agreement are declared to be severable.
17. Services provided within this agreement are for the exclusive use of the Client.
18. There are no understandings or agreements except as herein expressly stated.
19. All "Standard Hourly Rates" will be maintained for 60 days from the date the contract is signed.
